Live Training Offerings

**FOUNDATIONS:  
POWER PIVOT & POWER BI**

Acquire industrial-strength skills for conquering an unlimited spectrum of analytical, reporting, and modeling needs.

## Two Days that Will Change Your Life (and Business!)

### THE WORLD'S MOST EFFECTIVE BI TOOLSET IS ALSO:

-  The most cost-effective — you probably already own it!
-  The quickest to learn — it's built on tools you already know.
-  The best BY FAR — it will **revolutionize** your business in short order. We promise!

### TWO DAYS IN OUR CLASS AND YOU ARE EMPOWERED!

- Taught by Rob Collie — PowerPivotPro Founder, Best-Selling Author, and Consultant.
- Draws on his two decades of working with Excel and business users.
- You don't need to be an IT professional—most of our students come from an Excel background.

## Who should attend?

- Intensive users of Excel, particularly those responsible for reporting and analysis.
- Business leaders who need to mine their data for actionable insight – using existing resources and on short deadlines.
- Organizations looking to leverage Microsoft's groundbreaking PowerBI offerings.
- Business Intelligence and Database professionals looking to increase their professional agility and dramatically expand their capabilities.

**Rob Collie** spent fourteen years at Microsoft designing and building functionality for the Excel audience, spanning from Excel 2003 to Power Pivot itself. He designed most of the v1 Power Pivot for Excel experience, as well as many aspects of Excel PivotTables.

Since leaving Microsoft in early 2010, Power Pivot and Power BI have been Rob's entire focus – writing the world's most popular Power Pivot blog and best-selling Power Pivot books, running the world's first Power Pivot hosting service, and building hundreds of industrial-strength Power Pivot models and reports for industries including Retail, CPG, Pharma, Construction, and Energy . In addition, Rob has trained thousands of people in Power Pivot and Power BI in person, remotely, and via his Online Video Training.

**Rob is known for his down-to-earth, human teaching style which makes difficult concepts easy to understand.**
